FAD classes are fun, dynamic and affordable. Our classes are 'PAY AS YOU GO' with an emphasis on providing a fun and rewarding environment. Our program is 'all inclusive' allowing ALL of our students to perform and learn at their own pace.

With modern family lifestyles in mind, the FAD program offers recreational, semi-competitive and competitive classes. This allows our students and their families to choose the level of commitment. From participation in as little as one 45 minute lesson a week and perform like a star, through to competitive teams that compete at State, National and International levels. Classes operate during school terms.

LEVELS

The FAD Cheerleading Syllabus is based on the USASF (United States All Star Cheerleading Federation) guidelines incorporating a progression-based program using internationally recognised safe cheer principles. Our cheer classes are engaging, challenging, promote a strong team spirit and involve training in stunts, tumbling, dance and pom.

CHEER SQUAD*

FAD Performance Cheer Squad classes combine all of the elements of cheerleading into fun Cheer and Pom performance routines. Using skills and knowledge developed from the levels classes, students lead squad routines for various performance opportunities both small and large scale. Performances are heaps of fun and help build great self-confidence and unity within the squad. To participate in the squad class, attendance in a level class is compulsory for the foundation training required.

TUMBLING

FAD Tumbling classes are designed specifically for cheerleading. Students learn the correct technique and progression of tumbling skills. FAD offers tumbling classes for every skill level and age. Our classes include skill progression, drills, strength and conditioning. Tumbling classes are recommended for all cheerleaders wishing to progress through the levels.

CUTIE CHEER*

FAD Cutie Cheer is an activity-based class introducing the world of cheerleading to our 3-5* year old members. This class commences building the fundamentals of Cheerleading with age appropriate Stunts, Tumbling, Cheer, Dance and Pom work, culminating in fun cheer and pom performance routines. Participation in performances is optional for our Cutie Cheerleaders.

*Class availability and entry age may vary between studio locations. Check with your local studio.

Recreational Dance Classes

The FAD Dance Program is designed to challenge and extend the talents and skills of our young performers. Beginner to advanced classes are available, with age appropriate classes for students as young as two years old through to adults. Please note, classes offered at each studio vary so we encourage you to check with your local studio to confirm their timetable, age groups and availability.

Our dance classes include ongoing training in technique, stage presentation and choreography. FAD Students have the opportunity to attend workshops with guest performers, cheer and dance camps, and perform in small and large scale events.

With our extensive range of class styles and levels, the choice is yours!

SPARKLES*

FAD Sparkles classes offer our youngest students the opportunity to have fun and gain confidence through music and movement. An age-appropriate program for 2-3 year old boys and girls, introducing them to the underlying techniques of being a dancer, without the expectations or pressure of performances.

CUTIE COMBO*

FAD Cutie Combo teaches a mix of routines including Jazz, Hip Hop and Cheerleading. This class is fun and bright, designed for our pre-school age members to develop cheer & dance skills and improve fitness.

HIP HOP

FAD Hip Hop classes are action packed with loads of energy and enthusiasm. Suited to our most spirited members aged 6+ who want to learn the freshest hip hop moves on the street.

ELITE FREESTYLE*

Dancers wanting a greater challenge or those with many years of experience are invited to join one of FAD's elite levels. Full of strut and style, these classes may include Jazz, Contemporary, Lyrical, Broadway, Latin and Cabaret styles taught at an advanced level.
